

Connect from Off Campus

To connect to resources while off-campus, start out at the library's publicly accessible [homepage](#). Select a resource or perform a keyword search using the Search Box. If prompted, sign in with your Eisenhower ID and Password. Supported platforms include both ClinicalKey and ClinicalKey Nursing, MEDLINE/CINAHL Ultimate, Wiley Nursing Collection, and Wolters Kluwer Ovid.

You can now use the **Institutional Sign In** options available on the above platforms, simply choose OpenAthens from the institutional sign in options:

Remote Log In – Tips

If you are an Eisenhower partner, you will need an **active** @eisenhowerhealth.org email address to use the "sign in". If you do not have an active account, please contact the Eisenhower Help Desk to reactivate or request one be set up.

If Eisenhower Health Library does not have access to the article, you can request the item through the “request item” button or by contacting the Health Sciences Librarian.

After logging in once you will need to access the library once every 90-days to maintain uninterrupted access. Afterwards, you will need to repeat the above steps.

Questions? Please reach out to your Health Sciences Librarian:
